

Dear Colleagues,

On behalf of the ESGO Council, the Scientific Committee, and the Local Organising Committee, it is our great pleasure to invite you to join the **23rd Congress of the European Society of Gynaecological Oncology** (ESGO 2022), which will be held from October 27-30, 2022 in Berlin, Germany.

The year 2022 marks a significant milestone in ESGO's history, the transition in the format and timing of its flagship event, moving from a Biennial to an **Annual Congress** for the first time, since 1983.

This year's congress will highlight the latest clinical and scientific developments in gynaecological cancers, with more than **50 scientific sessions, 100+ renowned international experts and over 1,000 expected posters** focusing on a variety of topics driving research, treatment and care forward.

Topics will include the newest aspects in (molecular) diagnostics, surgical, radiotherapeutic and medical concepts, as well as tailored strategies at the time of diagnosis and recurrent disease.

Please accept our special invitation to join us for:

- Exclusive State of the Art Sessions
- 30+ parallel scientific sessions including Surgical Video and Tumour Board Sessions
- 7 New ESGO Clinical Practice Guidelines
- 6 Debate Sessions on hot controversial topics
- New Emerging Pathways and Targeted Treatments in gynaecological cancers
- ENYGO Programme designed for young gynaecological oncologists
- 2-day Patient Advocacy Seminar organised by ENGAGE

We encourage not only young researchers to **submit an abstract** for an Oral, Poster or Surgical Video Session to present the research in front of experts on a global stage. The abstract submission deadline is on **June 15!** All accepted abstracts will be published at the **International Journal of Gynecological Cancer (IJGC)**, an international journal, devoted to the publication of clinical and investigative articles that concern tumors of the female reproductive tract.

Benefit from **Early registration rates** and finish your registration before **August 10**. Do not forget to book a ticket for one of the 12 Meet the experts sessions or 10 interactive Workshops!

We look forward to welcoming you to the ESGO 2022 Congress, Europe's landmark meeting on Gynaecological Oncology, for an inspiring and joyful experience to advance our field a step further.

Sincerely,

Jalid Sehouli
Congress President

Nicole Concin
ESGO President

Ignace Vergote
Scientific Programme Committee Chair
